

# The Audition, The Running Man

I'm being held captive  
Something's got a hold of me  
Stay until death  
Splits us up and calls the judge  
To ask if you believe  
You've lost your soul for eternity  
But you've never been free  
When it's said and done  
We can run  
It's our eternity  
But for now, I've been trapped, oh  
Too long to take these roads  
Tell me when you see the smoke  
Hear my cry and bring me back to home  
Arrested by your love, girl  
Constant search from the floor  
Badly beaten in love, girl  
Turn the key and lock the door [x2]  
Send an SOS through a telegraphic note  
Expressed in shreds  
Written in code, signed to a note  
'Cause nobody should know  
What it's like to be alone  
So take back your soul  
A lot to uphold  
A lie to be told  
'Cause love's not set in stone  
But for now, I've been trapped, oh  
Too long to take these roads  
Tell me when you see the smoke  
Hear my cry and bring me back to home  
Arrested by your love, girl  
Constant search from the floor  
Badly beaten in love, girl  
Turn the key and lock the door [x2]  
Come as you are, my darling  
Bare bones so I can see your soul  
I'm beginning to lose control  
I need to know who's starting  
To crumble down my nervous walls  
Had to stumble for far too long  
Come as you are, come as you are  
I'm beginning to lose control  
I need to know, I need to know  
You're beginning to lose control  
Arrested by your love, girl  
Constant search from the floor  
Barely beating in love, girl  
Turn the key and lock the door [x2]  
Come as you are, come as you are  
I'm beginning to lose control  
I need to know, I need to know  
You're beginning to lose control
