

The Avener, To Let Myself Go (ft. Ane Brun)

To let myself go
To let myself flow
Is the only way of being

There's no use telling me
There's no use taking a step back
A step back for me

A step back for me

A step back for me

To let myself go
To let myself flow
Is the only way of being

There's no use telling me
There's no use taking a step back
A step back for me

To let myself go
To let myself flow
Is the only way of being

There's no use telling me
There's no use taking a step back
A step back for me

Back for me

To let myself go
To let myself flow
Is the only way of being

There's no use telling me
There's no use taking a step back
A step back for me

To let myself go
To let myself flow
Is the only way of being

There's no use telling me
There's no use taking a step back
A step back for me
