

The Avengers, We Are The One

We are the leaders of tomorrow.
We are the ones to have the fun.
We want control. We want the power.
Not gonna stop until it comes.

(chorus)

We are not Jesus Christ.
We are not fascist pigs.
We are not capitalist industrialists.
We are not communists. We are the one.
We will build a better tommorow.
The youth of today will be the tool.
American children made for survival.
Fate and our destiny we shall rule.

(Chorus)

I am the one who brings you the future.
I am the one who buries the past.
A new species rises up from the ruins.
I am the one who is made to last
