

# The Awkward Romance, Bleeding Absolutes

If he's real, why is there pain?  
A sinner's words will stain.  
Why do they run from him?  
They should just  
Just relax, just relax.

Everytime they dig down deep  
Their end result is they weep  
Does your nose wrinkle when you cry?  
Absolutes are absolutely true.

He's right behind you  
He's right beside you.  
Just relax, just relax  
(Can't you see it  
Bleeding absolutes)

He's right behind you  
He's right beside you.  
Just relax, just relax  
(Can't you see it  
Bleeding absolutes)

Take a good look in the mirror  
What you see is what you get  
Is a lie the world tries to tell you  
So just sit back and relax.

He's right behind you  
He's right beside you.  
Just relax, just relax  
(Can't you see it  
Bleeding absolutes)
