

The Baby Namboos, Hard Times

Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me

You're movin' in hard times
Your cravings are not mine
When you shake like you do
Tell me who's gonna help you
When you weep like you do
Tell me who's gonna rescue you

You're movin' in hard times
Your cravings are not mine
When you shake like you do
Tell me who's gonna run for you
When you weep like you do
Tell me who's gonna hear you

What you chasin'
Who you racin'
I watch the race crashing
I see you falling

You're movin' in hard times
Your cravings are not mine
When you shake like you do
Tell me who's gonna help you
When you weep like you do
Tell me who's gonna rescue you

Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me
Your inner scream haunts me
Your tantalizing taunts me

You're movin' in hard times
Your cravings are not mine
I can't help you
'cause you don't want me to
Who's gonna run for you
Who's gonna rescue you
You're movin' in hard times
Your cravings are not mine
Who's gonna run for you
