

The Baby Namboos, Intro

My name's Anthony
And I am Tony Guest
I live in Manchester
I go to Bristol now and again
To see the skinheads
Oh stop laughin' now
You keep me alone so
'Cause one night you're found
'Cause I see
I see me cousin
I'm out there now and again
Goin' up and behind me the high cliff
He jumps all over the tables and that
Shows me around town
Meet a few girls
Ahaha you wish
