

The Babys, Read My Stars

Say you love me
I know you do
Go anywhere I want you to
Yeah but I love ya
So now I read my stars
Gettin' worried
I face the floor
Hearin' noises outside my door
Think it's friends
Can't be sure
So now I read my stars
And now I turn the cards
Is it love
Oh I don't know
Is it real I can't tell
Why the smile
Well I'm happy
Do you know her that well
Is it strange
Well I don't know
Seein' stars all around yeah
It's a spell yeah I think so
Seein' rainbows well
Crystal gaze and visions fade
Make the card the ace of spades
Can't walk the streets
I don't feel safe
So now I read my stars
Say you love you me I know you do
Do anythin' I want you to
Oh the things you put me through
So now I read my stars
But where to turn the cards
