

The Babys, She's My Girl

Me and my girl we don't like rules
living hard and fast
Doin' what we want to do
We're as free as the wind we choose
We got each other so we never lose
My heart is on a one way trip
Flyin' higher
Kind of feels like a rocket ship
She's the finest I've ever seen
Sometimes we're livin' in a two way dream
She's my
She's my girl
She's my
She's my world
Her friends tell her that I'm a fool
She doesn't listen
She knows what I'm trying to do
We're as free as the wind we choose
We got each other so we never lose
Some guys would like to take my place
They try to steal her
But she winds up laughing in their face
She's the finest I've ever seen
Sometimes we're livin' in a two way dream
She's my
She's my girl
She's my
She's my world
She always takes it to a different place
She makes it harder
And we always wind up face to face
She turns me on when she goes down
She always turns my head around
She's my
She's my girl yeah
She's my
She's my world
Yeah yeah yeah yeah yeah yeah
She's my
She's my girl
She's my
She's my world
Yeah yeah yeah yeah yeah yeah
She's my baby
She's my girl
She's my
She's my world
I love ya
I love ya
I love ya so
She's my baby
She's my girl
She's my
She's my world
She's my baby
She's my girl
She's my
She's my world
