Wed like to bring on one more very good friend of ours

[Pause]

Bob Dylan

[Applause]

Baby let me follow ya down,
Baby let me follow ya down,
Well Id do anything in this God almighty world,
If you just let me follow ya down.

Can I come home with you,
Baby can I come home with you?
I'll do anything in this God almighty world,
If you just let me come home with you.

I'll buy you a diamond ring,
I'll buy you a wedding gown,
Well I'd do anything in this God almighty world,
If you just let me follow ya down.
