

# THE BANGLES, I'll Set You Free

I hear you through the wire  
The words all sound like noise  
What happened to the fire in your voice  
Don't try to hide the distance  
It's just too big to ignore  
We work it out like business  
It won't work anymore  
I remember eyes that shine  
As they looked so hard back into mine  
Now it's just a memory  
So I'll set you free  
I'll set you free  
Still sometimes late at night  
Moonlight comes into my window  
I make believe it's how it used to be  
We made it look so easy  
We never tried to resist  
Somehow you stopped believing  
Somehow we've come to this  
I remember eyes that shined  
As they looked so hard back into mine  
Now it's just a memory  
So I'll set you free  
I remember words that fell  
Like coins into a wishing well  
It was never meant to be  
So I'll set you free  
I'll set you free  
So now that I must go on  
What more can I do  
What good is being strong  
When all I ever really want is you
