

THE BANGLES, I Will Take Care Of You

When the daylight disappears
When you're haunted, I'll be near
When the shadows come to call
When you're too scared to stand tall
I can stand tall
Dream and let your dreams go
It's your turn to fly
As long as I'm standing by
You can close your eyes
I will take care of you
Long as you want me to
Whatever else I do
I will take care of you
Don't you worry, while you sleep
All my love is yours to keep
All you wish for, all you know
Will be yours when you let go
You can let go
Smile, if you can now
Smile through your tears
Here where your fears are known
Know you're safe at home
I will take care of you
Long as you want me to
Whatever else I do
I will take care of you
All you have to do
Is say good night
And close your eyes
Fly, fly into the light
I will take care of you
Long as you want me to
Whatever else I do
I will take care of you...
