

The Beach Boys, Be With Me

You're going out tonight
You put your real cool looking clothes on
You're getting uptight
About some little thing I said
All that I said
"I couldn't play the game"
It shouldn't make any difference to you
Go walking around night
The wind's really blowing
It's too cold to talk
I wonder if she's knowing
She should be with me
It could set her free
Come with me
Be with me
A part of me
(Free)
Da
(Free)
Da
Everything we will see
Everything we will be
We will be
A new child is born
The mother is still waiting
Father's over there anticipating
Won't you be with me
It could set you (us) free
Come with me
Be with me
A part of me
(Free)
Da
