

# The Beach Boys, Endless Harmony

Ocean lovers who like to harmonize  
They're all cousins friends and brothers  
And they make their Mamas cry  
They're record-making heart-breaking  
Just West Coast boys  
What I know it's a beginning of an endless harmony  
Oooo ooo ooooo  
Striped shirt freedom  
Brave new worlds  
Go out on the road  
Where there's mid-sixties screaming  
And that nighttime holiday scheming  
While a lifestyle turns to gold  
Music's growing  
And vibrations showing  
What's it all mean  
I know it means there's an endless harmony  
And we sang God bless America  
It's a land where we tour  
She takes great care of us  
And people love for where we sing  
We sing doot doo doot, doot doo doot, doot doo doo doo
