

# The Beach Boys, Had To Phone Ya

Had to phone ya'  
Had to phone ya' just to talk to you  
Had to phone ya' just to tell ya' I was missing you  
It lifts my spirits every single time  
Sometimes you're busy for awhile  
But when you get through  
It makes me smile  
A-when I phone ya'  
California's not so far away  
You're not alone ya' know I'm only just a dial away  
I visualize that you're looking fine  
Feels so good when you come on the line  
You (you) you (you) you (you) you (you)  
You (you) you (you) you (you) you (you)  
You (you) you (you) you (you) you (you)  
You (you) you (you) you (you)  
Come on  
Come on and answer the phone  
Come on come on  
(I hope your home)  
Come on and answer the phone  
Come on come on  
(I hope your home)  
Come on and answer the phone  
Come on come on  
(I hope your home)  
Come on and answer the phone  
Come on come on  
(I hope your home)  
Come on and answer the phone  
Come on come on  
(I hope your home)  
Come on and answer the phone  
Come on come on  
(Hello, hey Brian!)  
(I hope your home)
