

# The Beach Boys, In My Car

When I'm behind the wheel  
Horses of gas and steel  
The highway is my home  
In fiberglass and chrome  
Fantasy car shiny Corvette  
Let's take a ride you can't forget  
Come on pretty lady ride with me  
In my car  
I'm captain of my destiny  
In my car  
Pretty babe come cruise with me  
Come for a drive  
And we'll arrive  
Feelin' alive  
I'm master of my fate  
When I accelerate  
My new Vette is my throne  
When on the road we roam we roam we roam roam  
Cruisin' like we're in a dream  
Feelin' like we're still sixteen  
Being a part of the great American scene  
In my car  
I'm captain of my destiny  
In my car  
Pretty babe come cruise with me  
Come for a drive  
And we'll arrive  
Feelin' alive  
Cruise cruise cruise with me baby  
Now move move up in the stratosphere  
Zoom zoom zoom with me darlin' now  
We're still cruisin' after all these  
Cruisin' after all these years  
Wind blowing in my hair  
I feel like a millionaire  
Radio is blasting strong  
We're breaking out in song  
Blazing trails both near and far  
Park my car behind a star  
Life is full of possibilities  
In my car  
I'm captain of my destiny  
In my car  
Oh pretty babe come cruise with me  
Come for a drive  
And we'll arrive  
Feelin' alive  
In my car  
I'm captain of my destiny  
In my car  
Oh pretty babe come cruise with me
