

# The Beach Boys, Let's Put Our Hearts Together

I don't wanna tell you that I care for you  
And have you just ignore me  
It's better that I wait and see just how you feel  
And maybe you'll adore me  
I know you've had so much experience  
That you don't need another person in your life  
I know it may sound funny  
But you're the kind of woman  
Who'd make a very sweet wife  
Take your time, don't worry how you feel because  
You know we've got forever  
Maybe I'll come up with some idea and  
You'd think that I was clever  
I've never had someone I need someone  
To live with and be good to  
Don't worry 'bout your past loves  
And if they've never understood you  
Let's put our hearts together  
And say we'll leave each other never  
Let's see what we can cook up between us  
Together  
Together  
Together you and I
