

The Beach Boys, Salt Lake City

Down in Utah
The guys and I dig a city called Salt Lake
It's got the grooviest kids
That's why we never get tired of Salt Lake
And the way the kids talk so cool
Is an out of sight thing
And the number one radio station
Makes the town really swing yeah
Salt Lake City we'll be coming soon
There's a park near the city, yeah
All the kids dig the Lagoon now
It's full of all kinds of girls
And rides and we'll be flyin' there soon now
And girl for girl
They've got the cutest of the Western states
They got the sun in the summer
And winter time the skiing is great yeah
Salt Lake City we'll be coming soon
Salt Lake City we'll be coming soon
We'll be coming soon
We'll be coming soon
We'll be coming soon
