

The Bears, Honey Bee

Honeybee, don't look at me that way
honeybee, don't look at me that way
I've got plans,
I'm workin' on being a holy man

Honeybee, don't come so close to me
honeybee, don't come so close to me
an' watch your hands,
you can't put a hold on a family man

Hang on tight
through another lonely night

Honeybee, you don't look so good to me
honeybee, you don't look so good to me
I've got plans,
I'm workin' on being a holy man
