

# The Bears, Honey Bee

Honeybee, don't look at me that way  
honeybee, don't look at me that way  
I've got plans,  
I'm workin' on being a holy man

Honeybee, don't come so close to me  
honeybee, don't come so close to me  
an' watch your hands,  
you can't put a hold on a family man

Hang on tight  
through another lonely night

Honeybee, you don't look so good to me  
honeybee, you don't look so good to me  
I've got plans,  
I'm workin' on being a holy man
