

# The Beastie Boys, Deal With It

Rob and Steal from the Health Food Store  
The ideas you shout that are so hardcore  
Screaming at the phone man collecting the change  
Ideas discovered then rearranged

I won't say that life's a bitch and then you die  
Because I do my best to enjoy mine  
You can't bring me down to a world of self pity [sic]  
Lot's of ways to deal with it  
Deal with it

You do unto others like they're pieces of shit  
A righteous [sic] man who's flipping the script  
There's plenty of room for everyone at the table  
Check yourself before you check the label

I won't live life being mad holding a grudge  
It's not my place - sitting back playing judge  
Not enough time to always stay mad  
May as well be glad to Deal With It  
Deal With It
