

The Beautiful Girls, All I Need

I don't need your inhibitions
Cos all i need is to be free.
And i don't like no-one to tell me,
where i'm going to because i can see.

Cos I can see x4

Show you all of my intentions,
Get this world, belong to me.
Imitate all my inventions,
A minute too late will never set you free.
Set you free,
Will set you free x3
Will set you.
