## The Beautiful Girls, All I Need

I don't need your inhibitions Cos all i need is to be free. And i don't like no-one to tell me, where i'm going to because i can see.

Cos I can see x4

Show you all of my intentions, Get this world, belong to me. Imitate all my inventions, A minute too late will never set you free. Set you free, Will set you free x3 Will set you.
