## The Beautiful Mistake, Wide-Eyed And Wasted

Get me through, through tonight Just a taste, let it be sleepless nights You and me, eyes are wide Out of line, I'm alive Right now, we'll get through this We always do, try to drive

All the doubt, from my mind Sit here and suck it up And leave the day behind

I'm nothing but tired I'm nothing at all I'm nothing but broken I'm ready to fall

Comfort and confidence
I am bound
Ihis is the only thing I can feel
Something to guide me here
This will be all that I ask of you
It's all I pray when will I
Get that my life
Is not something that means a thing
I've blown it all away

I'm nothing but tired I'm nothing at all I'm nothing but broken I'm ready to fall

I turn to you I burn for you (x2)

I'm nothing but tired I'm nothing at all I'm nothing but broken I'm ready to fall
