The Bella Cullen Project, Emily

Emily,

Dont you know you stole my man

Emily,

I thought you were my friend

Emily, Emily

The scars on your face

Do not compare to the ones left on my heart

Emily

Dont know how you stand to smile around me

Oh Emily,

You stole everything from me just cause of destiny

I dont want to hear you say my name anymore

Emily

Emily

I hope that you and Sam are happy,

But that dont mean I am

Emily

Dont invite me to the wedding

Unless you really want to see me cry

Emily
