

# The Beloved, Falling On My Face

i was there  
in the corner of my eye  
i swear, i was there  
sky high, bone dry  
in a restless world  
with a burning pain  
i was there  
but never again

i knew you would  
the way you should  
you said you could  
but i don't walk straight  
i'm on my face again

i saw you  
from the look on your face  
you saw me too  
i saw you  
world-weary, split in two  
standing cold  
in the driving rain  
i saw you  
but never again

i knew you would  
the way you should  
you said you could  
but i don't think straight  
i'm on my face again

on my own  
with my experience i should have known  
on my own  
destination unknown  
i've forgot the reasons why i can't explain  
on my own  
but never again  
never again

i knew you would  
the way you should  
you said you could  
but i don't walk straight  
i'm on my face again
