

# The Benjamin Gate, Falling Up

falling falling down  
falling down falling down  
stars in the sky falling down around me  
stars in the sky falling down around me

and i will see you come again  
and i will praise you my God  
and i will lift up my hands

falling falling down  
falling down falling down  
walls of my heart falling down around me  
walls of my heart falling down around me

my spinning head my head is spinning  
my head is spinning round
