

# The Benjamin Gate, Secret (Cpyhuimh Version)

a dream grows  
can you kiss it with your lips  
a life flows  
can you kiss it with your lips

hold me and heal me  
keep my heart in your secret place

my heart fades  
can you kiss me with your lips  
my life shades  
can you kiss me with your lips

i want to be more for you  
i want to give more to you  
i want to see more
