

# The Benjamins, Clover

I can't imagine what you must think  
I have more to say than what I'm willing to tell  
I have ideas about the way things should be  
I have a picture of you that you didn't give me

be careful  
it's like taking steps back  
be careful  
you just might say something

it's getting to me how I waste my time  
just like something I've got on my mind  
I wanted something  
something that would last forever  
you wanted more than me  
but who could blame you?

be careful  
it's like taking steps back  
be careful  
you just might say something

I had a dream that I wrote a song for you  
and you just sat back and laughed  
I can't sleep to save my life  
I guess that's what I get for

be careful  
it's like taking steps back  
be careful  
you just might say something
