

# The Benjamins, Give It Away!

the tears are warm,  
I'm washing off last night  
I wish I would've slept through it  
I wish I didn't know what you did  
one signle though going over and over in my mind  
I don't own you and you don't owe me a goddamn thing

but I wish it was me  
it's never been, it'll never be  
you can say that it didn't mean a thing  
but it means everything and it's killing me.

oh, well, here's to luck.  
I could walk away now and forget  
your name, your face and forget how much it hurts  
but I never forget that I love you  
and I would never forget I could never have you  
this all means something this means... I give up.

and I don't about you  
and I don't give a fuck who you fuck!!  
and when the one you left for leaves you  
I won't come back!!!
