

The Bens, Stop

Tell yourself biggest lie
Lose yourself
You can't run but you can't hide
Lose yourself
Baby
It's your time

Tell your momma that you're fine
Lose yourself
Fall back on the party line
Lose yourself
Honey
Let's go blind

And please don't listen to a word that I say
Just stop
There's a world inside a world that's not ok, oh
Just stop
And go
When you're faster than ever
I want to see you now
And you
Want to feel me because it's like
Ice

Don't you know i'm leaving soon
And i'll lose myself
I don't know if i'll be alright
When I lose myself
Baby
Will be fine

And please don't listen to a word that I say
Just stop
There's a world inside a world that's not ok, come on baby
Just stop
You feel so unreal
And it's not true
And you know what you're going to do
Yeah you don't know what you're going to see
When the monsters come out like me
Like me
Oh baby you are so bright
You're so bright
When you stop
