

The Besnard Lakes, For Agent 13

My baby, don't go
I never meant to feel that way
My baby, don't go
To be so haunted by a touch
My baby don't go
I'll play it back every day

My baby, don't go
Nothing is fair in love and war
My baby, don't go
I'll write you a love song
My baby, don't go
I'll love you whenever I'm wrong

My baby, don't go
I play it back every day

It's your love, don't tell them what you know
They have ways of making you tell them
He messed up
Forsaking our love

It's your life and it's your love
