The Besnard Lakes, For Agent 13

My baby, don't go I never meant to feel that way My baby, don't go To be so haunted by a touch My baby don't go I'll play it back every day

My baby, don't go Nothing is fair in love and war My baby, don't go I'll write you a love song My baby, don't go I'll love you whenever I'm wrong

My baby, don't go I play it back every day

It's your love, don't tell them what you know They have ways of making you tell them He messed up Forsaking our love

It's your life and it's your love
