

The Beta Band, Squares

I seen the demons
But they didn't make a sound
They tried to reach me
But I lay upon the ground
I seen the people
But they didn't make a sound
They tried to reach me
But I gave the runaround
I reached for feelings
But they didn't make a sound
They tried to reach me
But I lay upon the ground

Saw miles and miles of squares
Where's the feeling there?
Still nobody cares
For miles and miles of squares

Daydream
I fell asleep amid the flowers
Daydream
I fell asleep amid the flowers

I seen the demons
But they didn't make a sound
They tried to reach me
But I lay upon the ground
I seen the people
But they didn't make a sound
They tried to reach me
But I gave the runaround

Daydream
I fell asleep amid the flowers
Daydream
I fell asleep amid the flowers

Saw miles and miles of squares
Where's the feeling there?
Still nobody cares
For miles and miles of squares

Daydream
I fell asleep amid the flowers
Daydream
I fell asleep amid the flowers
Daydream
I fell asleep amid the flowers
Daydream
I fell asleep amid the flowers
