

# The Better World, Q-Song

Q-Song  
(Matt Coban)

Lazy days, I know that I'll find a friend  
It's all a test, which I cannot comprehend  
And I know you know, everything's falling apart, yeah  
Your so far away, I still feel like I'm close  
I miss your face, and I don't know how to cope  
And I can't take another day without you

And every time you fall, you know you bring me down to bleed  
And every time you fall, you know you bring me down to bleed

It's hard to sleep, I wake up to dreams of you

All day, all night, I can't stop thinking  
You know, were falling farther from who we are  
And I sleep when it's raining

And every time you fall, you know you bring me down to bleed  
And every time you fall, you know you bring me down  
Bring me down  
You're stuck inside my head  
And I know that I'd rather be dead  
If I can't have you, I can't have you, I can't have you again  
And you were right, you're always right, and you've been right this whole time

Every time you fall, you know you bring me down to bleed
