

The Birthday Massacre, Nothing & Nowhere

A voice moves silent through the twisted city streets
The eyes from tangled gardens peer
He grins a broken smile through shattered teeth
He brings the darkest time of year

And he will save us now
And he will take us underground
Where we'll never be bound by love
Or the nightmares above

The night of dreams when things are not as they may seem
Before the day we'll never know
We will take us while we're sleeping
And he will never let us go

And he will save us now
And he will take us underground
And here we'll never be bound by love
Or the nightmares above

We follow the sound
It's leading us down
Into the kingdom of under
We're lost and we're found
We're nothing and nowhere
Forever and ever
