

The Black Crowes, Shake 'Em On Down

If you come to my house
You gonna find me around, Lordy
Somewhere baby
Lordy shake 'em on down, Lordy

If you see my baby,
Lordy, standin' round
You know we getting ready now,
we gonna shake 'em on down, Lordy

Put your knees together

Let your backbone move
Ain't no one in town can
Shake 'em on down like you---Oh Lord, you

Going way up on the hill
Gonna get some ice
'Fore we get back gonna
Shake 'em down twice
