

# The Black Eyed Peas, Big Love

a day in a life a kid in America  
everyone's a critics  
criticize the character  
everybody's watching you  
people love to stare at you  
everybody's greedy  
ain't nobody want to share with you

a leaders are embarrassing  
I think they need same parenting  
tell me why they playing with the fire and the carousel?

kids on the progressing  
tripping on the medicine  
calling like I see you  
wit some drugs in america

Everybody's following  
ain;t nobody's leading  
people lovin' guns  
more than cases an d seasons  
and they say the reason is to protect their freedom  
but we don't believe them

cause all that we are  
all that we are made od  
is big, big love!  
and all that we have  
all that we are made od  
is big, big love!  
big big love  
that's all that we are  
that's all that we are  
that's all that we are  
is big, big love  
is big, big love

when I was a young boy  
used to hear the people say  
power to the people but we them people nowadays  
they are never giving up  
now we got out hands up  
we can't be  
cause their hearts ain't big enough  
all we need is just us  
hate got ya guessing  
war is the answer burt really  
what's the question?  
money got 'em stressin'  
fear got 'em flexin'  
phones got their zone down  
now we lose connection  
please stand by  
it takes you and I to keep the ...  
we're living in a time where you're fighting to survive  
and all we need is love

cause all that we are  
all that we are made od  
is big, big love!  
and all that we have  
all that we are made od  
is big, big love!  
big big love

that's all that we are  
that's all that we are  
that's all that we are  
is big, big love  
is big, big love

life is a blessing  
knowledge is a weapon  
you should choose love instead of being reckless  
candle in the darkness  
hope changes the heartless  
here's love to guide you  
I'll be there regardless  
situation global, we're like in a robot  
swimming up the river, so I can deliver  
messages to masses  
no matter your studies  
nothing's ever over  
we believe in second chances  
man people dying  
governments are lying  
it's time for rights  
and please no more violence  
talk with the kindness  
together we're united  
when we are one  
nothing can decide us

cause all that we are  
all that we are made of  
is big, big love!  
and all that we have  
all that we are made of  
is big, big love!  
big big love  
that's all that we are  
that's all that we are  
that's all that we are  
is big, big love  
is big, big love

cause all that we are  
all that we are made of  
is big, big love!  
and all that we have  
all that we are made of  
is big, big love!  
big big love  
that's all that we are  
that's all that we are  
that's all that we are  
is big, big love  
is big, big love
