

# The Black Eyed Peas, Duet

Uh, hmm  
Hurry up a bit  
Yeah, yeah

Chorus:  
I like the way you do it, when you do it  
When you doin', what you doin' (x3)

Check this out right here, son  
We about to move to make you feel some  
A lot of positive vibrations to build from  
'cause all I wanna do is lose some and win some  
Have a little of prosperity and then some  
Livin my life handsome, has always been a dream but  
Now it's time to really achieve by all means bust it  
I keep my shit, plus 30 in between  
When an arm reach out to grab the supreme  
'cause I won't stop, and ap won't stop  
And tab won't stop until we reach the top  
That means we won't quit, so we stay thick so you can enjoy it  
I know you like the way it's goin down, honey, honey  
I know you like the milky-mellow sound, honey, honey  
Doin this ain't all about money, money  
I know you like the way I sound, right, right

Chorus:  
I like the way you do it, when you do it  
When you doin', what you doin' (x4)

As I enter the room I absorb the mood  
Positive vibe supplied by a positive crew  
And negativity exist and you must acknowledge  
You can be intelligent and never go to college  
'cause the way we live in society  
It ain't really the way that it's supposed to be  
And don't get close to me if you're contaminated  
Take a picture of your soul and get it laminated  
Put them in your wallet next to your money  
Money represents your whole and soul represents your honey  
Ain't got honey then you ain't got bees  
And if you ain't got no money I'm a still mc  
Then empty L O V E all over the track  
Once you R E D then you never go back  
'Til the end of studio with the peas as black  
With adam, taboo, and alligator apl de ap

Chorus:  
I like the way you do it, when you do it  
When you doin', what you doin' (x4)

I wanna travel the world and stop on every city  
Rejuvenate your burnt out sea put down your philly for a sec  
Close your eyes and don't fret  
Listen to the audible sounds and just let  
Your soul feel the free feelin  
Reprovide you with the ride, free fallin'  
To make your heart beat, skip, hipnotize you and  
Apl take you on a trip where your mind's at ease  
Forget ballin 'cause I won't quit, and will won't quit  
And tab won't quit so you can enjoy it  
That means we won't stop  
And I won't stop until we reach the rop  
I'd rather be ready for the future  
Do it for yourself 'cause no one else will suit ya

I juxtapose for mine to maintain  
And segregate myself from evil and pain

Chorus:

I like the way you do it, when you do it  
When you doin', what you doin'. (x8)
