

# The Black Halos, Capt. Moody

These tides are the best I've known  
Never knowing when they'll come  
or when they'll go

Drinking all the time  
Never knowing if I'm sick  
or if I'm feeling fine

Sometimes they drag me down below  
But even then I never let it show

Like a drunk at sea  
or a king without a home  
Man overboard  
Overthrown

Girls, I've sailed a few  
I've faced the toughest storms alive  
and I pulled through

Like pirates in modern times  
taking gold, booze and tattoos  
and any friends I find

sometimes I feel like Davey Jones  
but even then I never sink down low

Like a drunk at sea  
or a king without a home  
Man overboard  
Overthrown

Like a drunk at sea  
I'm drifting on my own  
Man overboard  
Overthrown
