

# The Black Keys, Aeroplane Blues

I'm on an airplane,  
'Cross the sea,  
Goin' nowhere,  
I wanna be,

Distant land,  
Don't know who I am,

Eyes are heavy,  
Mind is shook,  
Can't feel,  
Drugs I took,

Distant land,  
Don't know who I am,

Take your seat,  
Don't be shy,  
You've got to remember, yeah,  
That you were born to die,

Distant land,  
Don't know who I am,  
Don't know who I am,  
Don't know who I am.
