

The Black Keys, Didn't I Love You

You may not believe me, baby
'Cause I didn't always treat you right
Might have deceived you, lady
Maybe I stayed out late at night

But didn't I love you?
Didn't I love you?
Hey, didn't I love you?

I'm sorry I hurt you, honey
I'm just a complicated fool
Down in the dirt, all muddy
I know you know, that's no excuse

But didn't I love you?
Didn't I love you?
Hey, didn't I love you?

Didn't I squeeze you, baby?
Didn't I hold you late at night?
Didn't I feed you, lady?
Didn't I make you feel alright?

Didn't I love you?
Didn't I love you?
Didn't I love you?

Hey, didn't I love
Ooh
