

# The Black Keys, Good Love

Good loving is so hard to find  
Everybody wanna waste your time  
Waste your time, yours and mine  
A good love is hard to find

Good loving is so hard to feel  
You got nothing till you find the real deal  
Find the real, there it is  
A good love is hard to feel

Don't you rush it, gotta take it slow  
You can't listen to the friends you know  
'Cause they don't know what you know  
But good love is hard to know
