

The Black Keys, Heavy Soul (alternate)

Hear her callin', "Come to me"
Thoughts of her won't let me be
Go to the valley, climb the hill
Whatever it takes darlin', you know I will

Hey now, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'

I hear her callin', "Hurry home,"
Been so long since I've been gone
I won't get tired, won't go astray
I hear her callin', call my name

Hey now, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'

Just my color, just my kind
Your heavy soul next to mine
Heart's on fire, get no sleep
Drive all night, no relief

Hey now, darlin'
Your heavy soul, darlin'
Your heavy soul, darlin'
