

# The Black Keys, Midnight In Her Eyes

Midnight is in her eyes,  
Tear drops like a child's,  
You never thought about goin' wrong,  
Now you wonder where your man has gone,  
Midnight is in her eyes,

Lately, you're feelin' low,  
Heartache, on the floor,  
Your manic way got the best of you,  
But your heart is gonna see you through,  
Lately, you're feelin' low,

I see her everywhere,  
Long, amber hair,  
Callin' out my name,  
I'm callin' just the same,

Midnight is in her eyes,  
Tear drops like a child's,  
You never thought about goin' wrong,  
Now you wonder where your man has gone,  
Midnight is in her eyes,  
Is in her eyes,  
Is in her eyes,  
Is in her eyes.
