

The Black Maria, The Memento

I'll never forget you,
But your time to leave is way past due,
I have this overwhelming urge,
To suck in one good breath and scream,
There is no love left inside of me...

This isn't the first time,
That I've fallen apart in front of an audience,
(Though) the words have changed,
The message stays the same,
I tried reason
It was all in vain,
I wish it didn't have to be, but this song is for you

Now that's entertainment,
To watch me fall apart at the knees,
And grovel like a slave who,
is begging for a little sympathy,
And you danced around on my broken dreams,
Celebrated when I made mistakes,
This song was written about how much I hate you...

And through all the worst of time,
I sat and took it almost every time,
I tried to scream but it didn't work,
I tried to leave but it didn't work,
I wish it didn't have to be but this song is for you...

Now that's entertainment,
To watch me fall apart at the knees,
And grovel like a slave who,
is begging for a little sympathy,
And you danced around on my broken dreams,
Celebrated when I made mistakes,
This song was written about how much I hate you...

I tried to scream but it didn't work,
I tried to leave but it didn't work,
I tried, I tried to...

Now that's entertainment,
To watch me fall apart at the knees,
And grovel like a slave who,
is begging for a little sympathy,
And you danced around on my broken dreams,
Celebrated when I made mistakes,
I hate you,
I hate you,
I hate you,
I hate you,
This must be love
