

# The Black Seeds, Turn It Around

Tell my head to stop messing around  
Cause I couldnt take it again  
When your heart just feels so down  
When you dont want to take the blame, no.

Inside you know there is something wrong  
But dont know how to deal with it.  
Im sorry that my words were cold  
They seemed to make you shiver within

Lets Turn It Around, Babe  
Cause its getting us down, yeah  
Lets Turn it Around, Babe  
Cause its getting us down, yeah

Tell my eyes to stop making things up  
Because its only going to bring me down  
And baby if you only knew that  
I wont let it get in the way

Tell my head to stop messing around  
Cause I couldnt take it again  
When you heart just feels so down  
When you dont want to take the blame

Lets Turn It Around, Babe  
Cause its getting us down, yeah  
Lets Turn it Around, Babe  
Cause its getting us down, yeah
