## The Blackout, Spread Legs Not Lies

I now see your disguise I'm hiding from you and all your lies are coming true the tales have now begun I'm lying to you and your serpents tongue is coming through Close your eyes and swallow time is on your side I will make you feel so hollow time is on your side so lay down for me time is on your side and feel so hollow I now see your disguise I'm hiding from you and all your lies are coming true the tales have now begun I'm lying to you and your serpents tongue is killing you Everybody knows that you're a liar it is time to fight with fire get down. I'm telling the truth time is on your side time is on your side
