

The Blaze, MADLY

Imagine a place where no one can stop dancing
The beat shakes everything, everyone's bouncing
It was deep, it was sweet, hardcore
I really felt things I've never felt before

I close my eyes and then everything's lit.
My heart feels the beat and my soul feels the heat.
Now I feel like a very special witness
Freedom itself is dancing in that crazy mess

I let myself melt into the crowd to dance
Connected to everyone, I'm kissing the trance

When the sun rose again, there was no more music
It sounds like heaven with a distant kick
The wind sweeps the night dust into the sky
I can't feel my feet cause I'm flying high

I was blind but now I see all the beauty
Hidden in the light, surrounded by poetry
I know something has changed deep inside me
It's like a dream that I have to be with somebody

What is this feeling ? Everything's so neat.
My heart skipped a beat. My heart skipped a beat.
I can see myself dancing in the sky above.
Am I dead ? Worst. Damn... I think I am in love.
