

The Blood Arm, Do I Have Your Attention?

Well, here we are
Without a deck of cards
I tried so hard to disregard the questions
Dodge the past, and make every moment last
You're looking for new ways to misbehave
And though I know it's all a game
I like to gamble, every thing away

Do I have your attention
Do I have your attention
Do I have your attention right now

When you take from the great
So you can barely stay awake
There is nothing I can do to entertain you any more
Oh, I'll try it again
Despite all your rejection
Anticipation is so good
I'll take what I can get

Do I have your attention
Do I have your attention
Did I fail to mention I need to see this through 'til the end

Karina's at the cinema
Paul is always looking for love
Nobody notices 'til someone explodes

Jimmy says I'll kiss and everyone
Well I'm just wondering if all my friends are criminals, swindlers and cons

Do I have your Attention
Do I have your attention
Did I fail to mention I want you to see me

I can't control all of this for long
You can't keep changing the words to my songs
'Cause when you shake, I shake and when you dance, I break
And then I brace myself to sing it again

Come on girl, one last time
Let me know you're still alive
Let me know that it's not all in vain

Do I have your attention
Do I have your attention
Did I fail to mention this situation is a mess?

Conversations never end, but maybe I'm deluded
Do I have you attention right now?

Not yet, not yet, not yet, not yet, not yet, not yet
But I can try it again
