

The Boomtown Rats, A Storm Breaks

A storm breaks over our head
We take shelter
We do as we're told

A storm breaks over our head
We take shelter
Come in from the cold

Life's OK
If you drink
Oh

Life's OK
If you dream
Oh

I can hear it
I can feel it
All around the air is freezing
Ice cold

(Ice cold, freezing cold)

Across the sea
Across the sky
Ice and Fire
Ice and Fire
So blow your
Breath into your hands
And wipe the frost
Out of yours

Life's OK
If you don't think
Oh

Life's OK
If you dream
Oh
